From: Tom West Subject: Help Stop the Bullying! Send an email of support.

On Tuesday night there will be a public hearing about the proposed Chatham Park Development.

The Pittsboro Planning Board voted in favor of Chatham Park 4-1.

The Pittsboro Town Board has been bullied and harrassed by a small group of about 100 people (many of whom don't live in Pittsboro) that calls themselves "Pittsboro Matters"

Let's show the town board members some love and send them an email of support.

A simple "Let's proceed with Chatham Park" or "Let's do it. Approve Chatham Park" or if you'd like just "Get Her Done!"

It really won't take much to stop the bullying by Pittsboro Matters. They represent 0.156% of Chatham County that is trying to put up a "Get Off My Lawn" sign on future development.

It's time to stop the bullying! Won't you take a minute and just drop a quick email? Do it for the future of of our children and STOP the BULLYING!

From: Michelle Bathrick Subject: Shout out to "Performance Auto & Tire"

I have to say I love these guys! We have brought all our vehicles here and we have received nothing but outstanding service! Just on Friday, I was at the post office and noticed smoke coming from under my car, got out to find oil pouring out, I didn't even go in the post office but drove right over to Performance, I was in waiting for the gentlemen to get off the phone when I noticed 2 guys seeing the mess my car left, they went over to check it out, they immediately pulled it into a bay and quickly figured out that it was only a oil sensor switch that had blown, they had the part there in not time and they got me back out the door very quick! I was thankful it wasn't something more major and that I could of had a ruined engine very quickly.

Don't hesitate to bring your car here for service! They will take GREAT care of you!

A very Happy Customer,

Michelle

Discussion about this outdoor gun range come up a few weeks ago on the Chatham Chatlist.

Open House is scheduled for May 24 from 9 am to 4 pm.
Facebook Page<https://www.facebook.com/pages/Range-2A/656238414443645?ref=br_tf>has 110 likes as of today.

From their web site <<http://www.range2a.com/>>

Address: 1152 Silk Hope Gum Springs Rd, Pittsboro, NC 27312
Web: www.Range2A.com
Email: info@range2a.com

Range 2A is a private, members only outdoor range located just outside of Pittsboro, NC. It was designed and built to fill the need for safe, responsible, law abiding firearm owners to have an enjoyable place to practice. We are accommodating to all shooting skill levels, from beginner to expert. Each of our 8 bays (Phase 1 of development) are comprised of berms on three sides, cut into a hill and surrounded by trees and brush for optimum lead containment, sound abatement, and safety.

Range 2A was developed as a facility where responsible, safe, legal firearm owners can come to practice. Most ranges set strict guidelines on range rules which can limit a persons ability to advance their skill and comfort level. A few examples of these restrictions are rapid fire (or shooting more than 1 round per second), magazine changes, or drawing from your holster. Since our members are grown adults who the State of North Carolina even agrees are responsible enough to own a firearm, we don't feel it's our place to tell you what your shooting skill level is.

Is the range finished?

Absolutely not! What you see here is Phase I of a three Phase project. We have a total of 71 acres to utilize for the facility and have used approximately 15. Our total build-out plans include 20 separate bays ranging from 50—100 to 100—200 in size, two shotgun skeet stations, two archery stations with elevated platforms for real-life practice, two long ranges (300 yards and a military/LE 700 M range) as well as a 360 range for LE and military training only. Eventually we desire to have a building with a common area and bunkrooms. We also have plans for a gun cleaning station where members and guests can clean their firearms here at the facility rather than take it home and do it in the kitchen where there is a slight chance for complaining about the smell.

From: Mike Subject: Thank you/Concrete Recommendations

I wanted to first say thank you to everyone who sent the information on tile people in the area! I really appreciated all the responses:)

I now would like to get some quotes on pouring a large concrete slab for a basketball/fun area for our children. If you know of anyone in the area that does this kind of work I would really appreciate the information.

I'm also in search of a corkscrew slide for a project we are doing for our kids. If you no longer are using yours and would like to sell please send me an email with price, condition, and possible picture. Thanks in advance!

From: Muddylaces Subject: Sorry I did not include Mrs. Hales apology in my OP...

Mr./Ms A. is correct.

I did not include Diana Hales' apology in my original post on May 8th. I want to apologize to Mrs. Hales and all of the Hales supporters, in front of all 5000+ chatlist subscribers for leaving that out. See, I wasn't one of the half dozen or so people at the Board of commission work session on July 15th, 2013 where Mrs Hales made her apology. If I made my apology in an ATM vestibule could I still say I apologized? Diana "the Faux Quoter" Hales attributes something revolting to Brian Bock, sends it out to the chatlist which has more than 5000+ subscribers, then apologizes in front of maybe a dozen people at a July BOC Work session? Look at how hard the Faux Quoter tried get this lie printed in the Chatham County Line:

"I heard him make that statement to Commissioner Kost (he sits next to her) and the resulting vote to defeat HIS OWN MOTION is PROOF. I would be interested in viewing this video as well, or the audio record of the meeting since it should have been captured."---Diane Hales*

<http://chathamcountyline.org/shtmls/hesaidshesaid.shtml>

Did she work this hard to get her apology in the Chatham County Line?

One of the planks of the Hales campaign is transparency. This is interesting because it is the GOP led board that instituted video recording all of the BOC meetings. I bet she wishes they were a little less transparent now because without that video the Faux Quoter's lie would now be fact.

Chatham Democrats chose the wrong candidate in the primary.

Mud

From: jkabreu@aol.com)

Subject: Muddylaces' Chatlist post

Muddylaces neglected to include in his/her May 8 Chatlist post titled Chatham Strong is icky, in which he/she asserted that Diana Hales lied, that at the following BOC meeting on 7/15/13, during public input Diana said, "I want to publicly apologize to Commissioner Brian Bock "for falsely attributing a statement to him . . ." Diana went on to explain that during the June meeting Brian Bock had nominated a candidate for appointment to the EDC Board of Directors, followed by Sally Kost's giving a brief review of the nominee's resume including her being a Siler City business owner, an artist and affiliated with the Arts Incubator. Bock then voted with Petty and Stewart against his own motion, which Diana stated "led to my conclusion, but it was not factual. For my error, I do sincerely apologize." Diana's statement can be found in the minutes for that meeting, under Public Input."

From: carole henry Subject: Apology to Chatham listers

Hi All

It was pointed out by a veterinarian hospital that they did not listen to people who shouted.....This was concerning a post I had make about coal ash ponds in Chatham.

I emailed a friend and asked, "Did I shout?". They replied that if I used caps that indeed I shouted. I was mortified! Had no idea that I shouted via my post.

With that I apologize to my fellow Chatham listers. I knew not what I did as I thought caps where to emphasize not shout. Still I was wrong and so an apology is needed.

Back to the coal ash ponds.....There will be a program on titled Americans Dirty Secret-Coal Ash.

It can be seen nationally and premieres on LinkTV, via DISH (channel 9410) and DirecTV (channel 375) at 9pm on Thursday, May 22.

This tells about the impact of coal ash toxic impact on American families. With five coal ash ponds in Chatham County. Chatham Country residents should be aware of the rest of the story concerning coal ash ponds.

Again apology for shouting.

Carole

From: Jessica Billings Subject: The New Girl In Town--Pittsboro

Hey ya!!!

My name is Jessica Billings and I just moved here from Orlando, Florida. I graduated in December with my B.A. in English from the University of Florida (Go Gators!). As some of you may already know, my mom is Susan Lecrone, owner of Uppercuts Hair Studio in Pittsboro. I am still trying to get the feel of a small town, but am up for any fun ways to connect with new people. I am very much interested in finding a job or internship dealing with writing, editing or publishing.

For all the students in summer school and parents out there with kids who might be struggling with English--I own and operate an English writing/editing/tutoring service, Easy Writes, LLC. I provide writing and editing services in the form of (including, but not limited to): essays, research papers, term papers, articles, manuscripts, theses, dissertations, speeches, fiction, poetry, personal statements, college applications, graduate applications, lab reports and columns of various genres for all levels of competency. I also tutor for Advanced Placement (AP), International Baccalaureate (IB), End of Grade/Course (EOG/C), and SAT/ACT testing. Please, email me at easywritesllc@gmail.com for inquiries.

Back in Florida, I wrote for a local magazine, so if anyone knows of any freelance opportunities, it would be greatly appreciated. I hope to be a children's author and illustrator (after I finish this manuscript, of course). I also paint, sing and play piano and guitar. Please, let me know if anyone has a job offer related to my skills/interests. I also would not be against an administrative position. Check out my resume on LinkedIn--Jessica Jean Billings.

If ya'll hear of any opportunities, please call/text me at 407 687 0785 or email me at jsscbillings@yahoo.com. Thanks so much (sorry for all the writing)!

Jess

From: Michele Werley Subject: Free Film Screening; Bringing It Home

FREE FILM Screening Wed MAY 21-7:00 pm BRINGING IT HOME: 52 minute film and post-screening discussion with filmmaker Linda Booker. Chatham Community Library, Hwy 87 N. Pittsboro NC trailer/more info: www.bringingithomemovie.com

The award-winning documentary film "Bringing It Home" explores the question of why a crop with so many widespread benefits is currently illegal for almost all U.S. farmers to grow. The film uncovers the history of hemp, its myriad industrial applications and legalization efforts. The film was inspired by home designer Anthony Brenner's story to find the healthiest materials available to build a safe indoor environment for his daughter who has a sensitivity to synthetic chemicals. Brenner received national media attention when he and Hemp Technologies completed America's First Hemp House; for the former mayor of Asheville, North Carolina. Booker and Johnson tell the story of hemp through animation, archival images and footage of hemp business leaders and entrepreneurs, like Brenner and others, from England, Spain, Washington, D.C., CA and NC.

Bringing It Home received this year's Jury Award at the 2014 Wild & Scenic Environmental Film Festival and Best Environmental Film from the Sedona International Film Festival. Through a grassroots audience engagement screening tour, the documentary aims to magnify dialogue about hemp in order to facilitate America's transition to a more informed, sustainable and healthy future. The film is being screened in conjunction with Hemp History Week 2014, with screenings in major cities across the country.

Date: Mon, 19 May 2014 19:54:49 +0000

From: Michael Zelek Subject: Dental Day Event to take Place May 22 in Pittsboro

Pittsboro, NC: Dental Day will be held on Thursday, May 22, 2014 from 10:00am to noon. This will be a special day in the park for the infants, toddlers and preschoolers of Chatham County. As you know, it is very vital for young children to learn about dental care and oral hygiene. Child care providers from family child care homes and small child care centers are encouraged to bring their children to this important event. Parents are also welcomed..

Children will have the opportunity to participate in story time, singing, games and other fun activities that will promote good oral hygiene. The Colgate Dental Van will join the festivities with a dentist on board to provide an oral screening of children in the dentist chair. Each child will receive a child size string backpack and a dental tooth kit which includes tooth saver (to keep safe for the Tooth Fairy), tooth brush, brushing timer, tooth paste and educational materials to take home and continue their good brushing techniques. We will have a dental hygienist on hand to teach everyone how to properly brush teeth. Oral screening and referrals will occur for all children with a signed parental permission slip.

The event will be held at Town Lake Park, 529 N Carolina 902, Pittsboro.

The first 10 child care providers that call and register will receive a Kaplan(tm) Soft Dentist Kit and special books about dental care for their child care library.

Bring children's lunch and make it a morning picnic before naptime. There will be water available to drink.

For more information on Dental Day, sponsored by Chatham County Partnership for Children and the Chatham County Public Health Department, please contact Sharon Ware, RN at (919) 545-8220 or sharon.ware@chathamnc.org<<mailto:sharon.ware@chathamnc.org>>.

Hip, Hip Hooray for Dental Day!

From: Whitney Beers Schmidt Subject: Community Solar 101

Our Community Solar 101 class is this Wednesday evening, 6:30 pm, at our office in Pittsboro at 192 Lorax Lane. It's Free (and there's food!)

If you've thought about solar for your home, are wondering about tax benefits, have opinions (or questions) on policy in NC, or want to know *just exactly how* the sun makes electricity *anyway* - Come on down! We'll get to know a little more about the solar landscape in North Carolina *and* we'll eat desserts provided by The Phoenix Bakery <<https://www.facebook.com/ThePhoenixBakery>>. Most importantly, you'll find out why installing solar on your home or business is less expensive (and more important) than ever before.

Here's what's on the agenda:

- Solar Basics (and we'll hook up some demo panels so you can see the sun in action!)
- Financial Incentives to install solar in the next 6 months
- Financing Solar - what makes sense?
- Community Supported SolarCulture(TM) - how non profits can benefit
- Renewables policy basics in NC (and what the future may hold)

If you have a moment and can register for the event, it will help us ensure that we don't run short on dessert (or chairs). You can register by clicking here <<https://ruritans.wufoo.com/forms/solar-101-north-carolina/>>. Also, if you complete a solar site assessment during the month of May you'll be registered to win an iPad Mini!

Looking forward to seeing you there!

Whitney.

Date: Mon, 19 May 2014 19:52:13 -0400
From: virginia penley
Subject: Chatham Park: time to tell the town it is "ok" to move forward

It is time to move forward with a positive vote on rezoning the land owned by Chatham Park. I have lived in North Chatham for a long time and I have been a witness to a lot of change. My husband died here. We raised our daughter in Chatham County and I intend to die here (but not soon). I love the people of Chatham County and the community we have built here.

I have also supported smart, balanced growth, which is comprised of a lot of factors including economic development and what I believe Chatham Park ultimately represents.

Naturally, the community will need to continuously monitor the protection of the Haw River, the pacing and type of economic and residential growth as well as giving a strong voice to Pittsboro's ideas and spirit in order for

the project to reflect the town and its character.

From my perspective, the potential growth from Chatham Park will benefit the people of Pittsboro and the region. And it is my understanding that Chatham Park has committed its resources to making downtown Pittsboro a better place to live, visit and do business. It appears that they are making substantive and reasonable attempts to work with the community at-large and enhance our downtown.

I also believe the President of the Chatham County EDC, Dianne Reid, provided a nice summary of the economic advantages of the project in her February 2014 Chatham County Line article, <http://chathamcountyline.org/pdfs/CCL.feb14.web.pdf>. (In addition in the same issue a resolution of support appears from the Chatham County EDC as well as a letter of support from the Chamber of Commerce.)

Chatham Park has also agreed to help the Town government of Pittsboro develop infrastructure that will give all the people better water, schools, emergency protection and roads.

And Chatham Park will provide jobs and facilities here in Chatham County so young people will not have to go out of county to find them, a situation that is killing rural areas all over the US. Consequently, Chatham County will become the place people from all over the state will be coming to for opportunity.

At tonight's special town board meeting which is a public hearing that will be held at the Historic Pittsboro Courthouse, the Pittsboro Town Board has the opportunity to move Pittsboro forward and take this opportunity to make it the best location to live, work and play of any town in North Carolina. It is time to move forward.

 Subject: Doing It at the Dixie Dew author Ruth Moose, at Library this Thursday

Meet Ruth Moose as she reads and discusses her new novel Doing it at the Dixie Dew, winner of the Malice Domestic Mystery Novel contest, published by St. Martin's Press.

Beth McKenzie's wealthy first guest at her Bed and Breakfast, The Dixie Dew, arrives in a pricey sports car and leaves in a hearse. Beth has to find the real killer when the clueless two-man police force in her small Southern town name her prime suspect in the murder.

Moose reworked the novel she wrote 25 years ago when she began to meet with other mystery writers in the Chatham area a few years ago, submitted it to the contest, and won. In the "cozy" mystery genre an ordinary citizen investigates crimes, often with help and hindrance from friends and neighbors (and sometimes pet rabbits).

"As deliciously Southern as pecan pieŠ a dazzling and delightful debut mystery," writes best-selling mystery novelist Carolyn Hart. "I loved it! So much fun to read," says Lee Smith of Hillsborough, author of The Last Girls, a New York Times bestseller.

NC native Moose taught Creative Writing at UNC-Chapel Hill for 15 years, and prior to that she was a librarian at Pfeiffer College. She occasionally teaches classes and workshops at CCC in the Creative Writing Program. She lives in Pittsboro. Books will be available for sale at the event.

For more information about Ruth and her many publications, visit Ruth's website or her Facebook page.
